

ZERO ROBOTICS

ISS PROGRAMING CHALLENGE

Create an Account
(for teacher training)

Do you have a Google Account?

- The ZR website uses Google federated login.
- Any account used on Gmail, Google Docs, YouTube, etc. will work.
- If you already have a Google Account skip to the 2nd to last page (page 8).
- **If you don't have a Google account, you can create one as described on the following pages.**

A screenshot of the Google sign-in page. At the top is the Google logo. Below it is the text "One account. All of Google." and "Sign in with your Google Account". In the center is a large grey box containing a placeholder for a profile picture, an "Email" input field, a "Password" input field, a blue "Sign in" button, a checkbox for "Stay signed in", and a "Need help?" link. Below the grey box is a "Create an account" link. At the bottom is the text "One Google Account for everything Google" followed by icons for Google, Gmail, Google Drive, YouTube, Google Maps, Google Play, and Google+. The entire form is enclosed in a thin black border.

Create an Account

1. Go to:

2. Click "Sign in" (top menu bar on the far right)

3. Select Create an account

A screenshot of the Google sign-in page. It features the Google logo at the top, followed by the text "One account. All of Google." and "Sign in with your Google Account". Below this is a large grey box containing a user profile icon, input fields for "Email" and "Password", a blue "Sign in" button, and a checkbox for "Stay signed in". At the bottom of the page, there is a link "Create an account" which is highlighted with a red rectangle. Below the link, it says "One Google Account for everything Google" and shows icons for various Google services.

Create an Account, cont.

4. Select “I prefer to use my current email address” and enter name and email.

A screenshot of the Google account creation page. The title "Create your Google Account" is at the top. Below it, the text "One account is all you need" and "A single username and password gets you into everything Google." is displayed. A row of Google service icons (Gmail, Maps, YouTube, etc.) is shown. On the right, there's a form with fields for "Name" (First and Last), "Choose your username" (with a dropdown menu), and a radio button option "I prefer to use my current email address". A red dashed arrow points from the text "I prefer to use my current email address" to the corresponding radio button option in the form.

Create an Account, cont.

5. Follow instructions to complete the rest of the form.

Optional fields:

- Gender
- Mobile phone

6. Click “Next Step”

Create an Account, cont.

7. Check your email at the email address you entered into the form.

Verify your email address

You're almost done! A verification message has been sent to **google@zhora.zhora.com**.

Just check your email and follow the link to finish creating your Google Account. Once you verify your email address, you'll be able to create your Google+ profile and access all of Google's products and services.

Can't find the email? [Resend verification email](#) or [visit the help center](#)

8. Click on the link provided in your email to complete your sign up.

Welcome to Google!

Just click the link below to verify your email address and complete your signup:

https://accounts.google.com/VEH?c=CO_5-orzkoO6jQEQ28OI5YW6IJG&hl=en

If clicking the link above doesn't work, copy and paste the url into a new browser window.

For questions about your account, you can always visit the Google Accounts Help Center at <http://www.google.com/support/accounts/>

Enjoy using your Google Account!

This is a post-only mailing. Replies to this message are not monitored or answered.

Create an Account, cont.

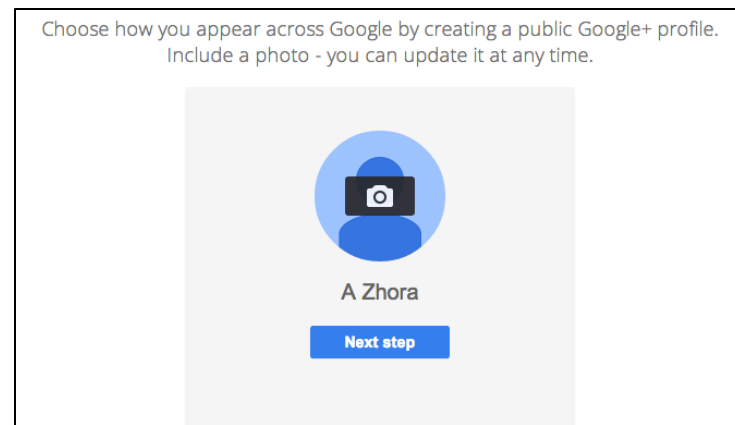

9. On the Welcome page, click “Get Started”

10. How you appear is optional. Select Next Step.

11. You will be invited to explore Google. Close the Google tab on your browser.

Log In on the Zero Robotics Website

12. Go to the Zero Robotics website:

www.zerorobotics.mit.edu

13. Click "Sign in with Google"

14. Log into your account with the email and password for your Google Account

15. The first time you log in you will see a message from the Zero Robotics IDE. Select "Accept".
14. Once you are logged in you will be able to create new projects.
